

Multi-Location Candidate Portal

Accept applications 24/7 with a web based candidate portal.

Features

- ▼ **Multifaceted Search Screen** – Enable the candidate to search for positions through an interactive map or search functionality.
 - **Interactive map** – Stimulate applicants with an interactive map that allows them to select their state and view the number of openings. The graphic represents the density of the openings with varying gradients of color.
 - **Search functionality** – Provide applicants with a quick and easy way to search for openings by zip code, position, or keyword(s).

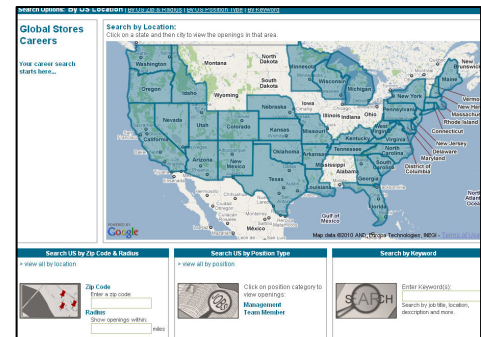

- ▼ **Search Engine Optimized (SEO)** – Extend your recruiting reach with myStaffingPro’s SEO candidate portal. With myStaffingPro, your search screen is optimized with:
 - Alt tags on images
 - Search engine friendly listing of requisitions
 - RSS feed with add to Google and add to Yahoo functionality
 - Title tags to define the content of the page
 - Free job board posting to Indeed.com and SimplyHired.com

- ▼ **Social Networking Functionality** - Promote your openings on social networks such as Facebook, twitter, LinkedIn and many more!

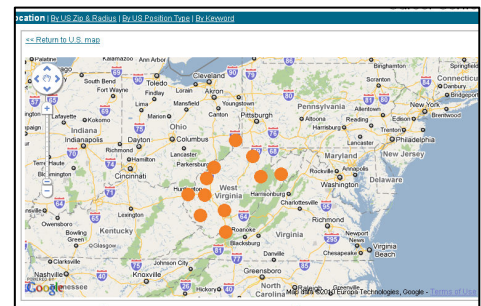

- ▼ **Up-to-Date Listings** – Maintain control of your candidate portal with 24/7 access to post, update, and remove requisitions from the candidate portal.

Please contact your Sales Representative for additional functionality and pricing information.
